

Sophia Dunn

She / her

Graphic Designer
Illustrator
SEN Teaching
Assistant

BIOGRAPHY

I'm an experienced Designer aspiring to pursue a career in art therapy.

For the past year, I have been working as a one-to-one SEN Teaching Assistant in early years and absolutely love the work I do and enjoy working with children and supporting their development and learning.

I am looking for more opportunities to use my current knowledge in early years and to build on my experience.
